

PRODUCT DESCRIPTION

Bodaq's Real Metal range offers an array of metal-inspired finishes, from the timeless allure of brushed gold to the modern edge of industrial steel. These finishes capture the texture and appearance of real metal surfaces, allowing you to infuse your space with a touch of metallic luxury without the challenges of working with traditional metals.

DURABILITY

Bodag Interior Films provide exceptional resilience when it comes to withstanding water, dirt, abrasion, UV radiation, and various types of wear, including issues like yellowing, cracking, scaling, and delamination.

MAINTENANCE

To maintain a perfect appearance and make your refinished surface last longer, it is recommended that you do the following:

1. Bodag is easy to clean, so do not use harsh abrasive cleaners. If the stain is hard to remove, use ethanol mixed with water 1:1.

2. Do not use regular erasers/scrubbers on the film surface. We recommend using melamine sponges, or a microfiber towel.

3. Do not cut anything with a knife directly on the film.

4. Do not put hot metal objects on the surface wrapped with the film. If the object's temperature is higher than 50 degrees Celsius, it may damage the film.

5. In case of film peeling, please contact your installer to avoid further damage.

GENERAL SPECIFICATIONS

Category:	Metal
Finish:	Real Metal
Width:	122cms
Full Roll Length:	50m
Full Roll Weight:	28 - 30 kgs
Warranty:	10 Years
Storage Temperature:	5° C to 30° C
Storage Shelf Life:	2 Years

PRODUCT CONSTRUCTION

Film Type: Thickness (Average by Category): Adhesive: Clear, Pressure Sensitive **Release Liner:** Bubble Free, Plottable Pattern Direction: Not Applicable

INSTALLATION

Installation Technique: Installation Usage: Installation Temperature: Max. Adhesive Perfomance:

NOTE

Hyundai retains the right to modify the composition of Bodaq Interior Films at its discretion. Please be aware that the colours displayed on computer or mobile phone screens may not provide a precise representation of the actual appearance due to screen variations. To ensure an accurate understanding of the colour, we strongly recommend ordering a sample. Additionally, considering slight color variations in production batches, it is advisable to purchase the necessary quantity for your project in a single order to maintain consistent appearance during execution.
